EDUCATION

Bachelor of Technology in Computer Science and Engineering SLIET University , Punjab Relevant Coursework: Object Oriented Programming, Operating Systems, DBMS , computer network , cyber security	December 2023- May 2026
3 year Diploma in computer science and engineering Govt. Millennium polytechnic Chamba , HP	july 2020- june 2023
Intermediate pass Govt model girls senior secondary school Chamba HP	March-2020
Matriculation pass Govt model girls senior secondary school Chamba HP	March-2018

EXPERIENCE

Self-Project / Internship in web Designing - Dharamshala • Developed a travel agency website Designed and developed a responsive travel agency website using HTML,CSS,JavaScript • Integrated sections such as destination packages, booking form,contact page, and image gallery • Applied modern design principles with SEO-friendly structure and cross-browser compatibility.	Aug 2022
ThinkNext Technologies Private Limited - Chandigarh(Mohali) Link • Create various templates by using UI-UX collaborated with the design team to create user-friendly web and mobile app interface using Figma and Adobe XD. • Designed wireframes , and prototypes to improve usability and user experience.	July 2024
Internship in AI-ML - SLIET University • Built a work on crop residue management with internet of robotics things and AI using Flask and java and appdeta . Used Google Storage APIs for data storage • Developed a a machine learning model that predicts the most suitable crop to grow based on key soil nutrients(N,P,K), weather parameters(temperature,humidity • Built a user- friendly web interface using flask to allow users to input parameters and receive crop suggestions.	July 2025

ACHIEVEMENTS-

• Certificate of Excellence in UI-UX designing • certificate of excellence in Machine learning • certificate of excellence in web designing • certificate of An optimal solution for crop residue management with internet of robotics things and AI

PERSONAL PROJECTS

Crop Recommendation System [Github] <i>java,python, flask, activity.xml</i> • Created an app which suggest you best crop based on siol, weather,and region ava,python, flask , Panadas, Jupyter Notebook , Android studio, activity.xml, • Developed a machine learning model that predicts the most suitable cropmto grow based on key soil nutrients(N,P,K), Weather parameters (temperature,humdity,rainfall),and soil pH.	june 2025 recent
Tour and Travel website [Github] <i>Designed and developed a front end website for a fictional tour and travel agency to showcase packages and services</i> Tools technologies used : HTML,CSS,JavaScript <i>creted a multipage responsive website with sections like home,packages,aus, gallery</i> <i>built a user friendly interface by using html ,css ,javascripts and allow the user to make the interface with the web</i>	Agust 2022

SKILLS

Languages	C++, javascript, HTML,CSS,PYTHON,UI-UX,C,
Technical Skills	Frontend Development,HTML,CSS,JavaScripts,Android Development, python, flask , kotlen,API's.
Soft Skills	,Problem-solving,Team-collaboration,Communication,Time management. EIP's, Zk, C
Tools	Figma, Visual Studio Code, Android Studio, Git/GitHub ,Cnava ,Pycharm.
